UOCAVA and 45 Day Mail Ballots Continued

- UOCAVA voters can use the FPCA form as a registration and absentee ballot request. If they are not registered, the original form has to be received by registration cutoff. If they are currently registered with no changes in name or physical address, the form can be used as just an absentee ballot request.

- UOCAVA voters can receive ballots by fax, mail or email. However, voted ballots need to be mailed back. If they are returning a faxed or emailed ballot, it will need to be sent to the duplication board on Election Day for tabulation.
UOCAVA EMAILED BALLOTS

- Emailed ballots still need to be accounted for.

DAILY ACCOUNTING FOR ISSUED AND RECEIVED BALLOTS MAIL-OUT ABSENTEES

- You should be doing some kind of daily accounting for issued and received mail-out absentee ballots.
OPENING MAIL-OUT ABSENTEES

• Central count counties are able to open returned mail-out absentees before the election to allow time for flattening for tabulation.

BALLOT ON DEMAND

• The Ballot on Demand program was designed by Computer Arts and is available through the Secretary of State.
BALLOT SECURITY

- The legislature changed ballot security in July. We are now able to do an annual ballot security plan.
