November 16, 2020
BINGHAM COUNTY, IDAHO

Position: Mechanic
Salary: Starts at $33,945.60 – Hiring step DOE/DOQ
Closing Date: Open Until Filled

Purpose Of Class/Primary Function
The principal function of an employee in this class is to perform skilled mechanical and technical duties in the maintenance and repair of automotive, light and heavy equipment (including diesel equipment), trash compactors, generators, etc. for various Bingham County departments. The work is performed under supervision of the County Road & Bridge Supervisors, but some leeway is granted for the exercise of independent judgment and initiative. The principal duties of this class are performed in both a repair shop and field environments with exposure to all weather conditions and include use of power tools and heavy equipment and exposure to fuels, fumes, brake dust, gas and diesel exhaust, solvents and high voltage.

Minimum Requirements

- Must have a high school diploma or GED certificate supplemented with specialized training in automotive/light and heavy equipment maintenance and repair
- Must have at least 2 years of experience performing major repairs on a variety of gas and diesel powered vehicles and equipment
- Must have a valid Idaho Class “A” Commercial Driver’s License
- Must have a current DOT Medical Certificate
- Must be able to pass drug testing – pre-employment, random, and in the event of an accident
- Must have a basic mechanic tool set including a locking toolbox
- Must be able to obtain CPR/1st Aid Certification within six months of hire date
- Must be able to have a positive attitude and ability to get along with other workers

Employment Requirements for a Mechanic

- Must be able to install, diagnose, service, and repair gasoline and diesel engines, brake systems, steering and suspension systems, hydraulic systems, power and transmission systems, heating and cooling systems, vehicle electrical systems, and computerized engine controls
- Must be able to operate a welder using wire feed, stick and cutting torch methods
- Must be able to follow OSHA and County safety standards related to diesel, automotive, and equipment repair.
- Must be able to follow written or oral instructions
- Must be able to read and interpret technical and service manuals, instructions and documents
- Must be able to work from plans, including determining dimensions, tolerances, and project layout
- Must be able to operate vehicle and equipment diagnostic equipment
- Must be able to operate a variety of hand, electric and air tools
- Must be able to operate a variety of light and heavy duty equipment including but not limited to,
plow, trucks, graders, loaders, forklifts, service trucks and backhoes
Must be able to plan projects and accurately estimate materials
Must be able to work flexible hours and be available in emergency situations
Must be able to operate a personal computer using program applications appropriate to assigned duties
Must be able to communicate effectively with the public, co-workers, and other county employees, occasionally in stressful conditions
Must be able to establish and maintain effective working relationships with fellow employees, supervisors, County administrators, and the public
Must be able to communicate effectively both orally and in writing
Must be able to demonstrate integrity, ingenuity, and inventiveness in performing the assigned tasks
Must be able to lift or move objects up to 25 lbs regularly and up to 75 pounds occasionally with or without accommodation
Must be able to stand, walk, sit, bend, stoop, kneel, crouch, stretch, and work in awkward positions for an extended period of time
Must be able to frequently use your hands, arms, and wrists to operate manual and power tools
Must be able to work in all weather conditions and occasionally work in extreme weather conditions during an emergency situation
Must be able to have sufficient visual acuity which permits you to comprehend written work instructions, read gauges, detect metal fractures, prepare worksheets, review and interpret written documents, plans, specifications, and technical manuals
