

National Opioid Settlement Registration Instructions

This document will provide you a step-by-step process for what is needed to register to vote on a proposed settlement to resolve opioid litigation brought by government entities around the country (“the Settlement”) against McKesson, Cardinal Health and AmerisourceBergen (“Opioid Distributors”), and manufacturer Janssen Pharmaceuticals, Inc. and its parent company Johnson & Johnson (collectively, “J&J”), an opioid manufacturer.

NOTE: This initial registration process is **not** an approval of the settlement. This is simply to ensure that the settlement forms get sent to the correct person who will be able to DocuSign them for your local government if you choose to participate in the Opioid Settlement.

It is critical to have full participation in the settlement to maximize the dollars that flow into Idaho from all local governments (cities and counties). To accomplish this, Step One is registering to vote! Those who do not register to vote will be left out of the process and will forego meaningful dollars to combat the opioid epidemic in our community. Please take the time to follow these simple instructions.
