Welcome!

You are invited to sponsor an event and exhibit your company's products and services at the 2023 Idaho Emergency Management Association (IEMA) Annual Conference. The conference is scheduled for Jan. 30 – Feb. 2, 2023, in Boise, Idaho, at the Boise Center. By sponsoring and exhibiting, you will be able to reach 50-70 county, tribal, state, and private sector emergency managers and staff members from around the State of Idaho.

Many of you have been involved with Emergency Management offices in the past by way of equipment and/or service sales through the use of Homeland Security funding, which is often managed by our Emergency Managers. This will be your opportunity to share your products and expertise with Emergency Managers from all over the state. You will also have the opportunity to introduce yourself and your products to new Emergency Managers and learn more about the challenges and issues they face in different parts of the state, as well as learn about what works or doesn't work for some of us, and why. Don't miss out on this excellent opportunity to support and interface with Emergency Managers from around the state.

Detailed information appears on the following pages regarding the participation opportunities at the 2023 IEMA Annual Conference. Please fill out the registration form by clicking the link at the end of this packet to hold your sponsorship and exhibit table. To appear in the 2023 conference program, please complete the online registration form by **Friday, January 20, 2023**.

We welcome you to join us in Boise!

Respectfully,
