What is a county budget?

- A policy document adopted by resolution by BOCC
- Reflection of anticipated revenues and expenses
- A roadmap of how county will provide essential county services
- A promise to the public

Evaluating Budget Priorities

What is the overall financial health of the county?

Is the service mandated?

Will it create efficiencies?

Will it require more staffing?

Does it have a dedicated revenue source?

Will it be a one-time expense or an ongoing expense?

Does it meet current and future growth projections?

County Expenditures (2022)

Elected Official Salaries

What is in the budget is "full compensation" for their service

No bonuses and no reductions

Evaluate current needs: does compensation match current responsibilities?

Idaho Code §32-3101, §31-3106, and §31-816

Budgeted Reserves and Emergencies

- BOCC may make general reserve appropriations, not to exceed 5% of the Current Expense and Justice Fund Budget (Idaho Code §31-1605 and §63-805)
- Emergency expenditures may be made by unanimous resolution of the BOCC (Idaho Code § 31-1608)
 - May use any and all funds in the county treasury
 - May incur debt to address emergency
 - Funds must be paid back after the emergency

The Basics of Managing the Budget

- You have a fiduciary responsibility to safeguard public funds
- Expenditures cannot exceed revenues
- Budget amendments must be done in public and follow the law
- Appropriations are year-to-year
- You cannot transfer levied funds to another fund (I.C. §31-1508)
 - Communicate, communicate, communicate

Reality Check

Your department's/office's ability to spend is limited by the budget

Budgets are subject to unforeseen obligations out of your control

Property taxes cannot be increased mid budget year

If it isn't in your budget, you can't spend it (unanticipated revenue)

Just because it is in your budget doesn't mean you can spend it

Cooperation among county officials is essential

Claims Against the County

- BOCC to examine, settle, and allow legal claims against the county (Idaho Code §31-809)
- Claims must be accompanied by receipt (Idaho Code §31-1501)
- Claims must be submitted within one year (Idaho Code §31-1501)
- BOCC approves checklist of allowed bills/claims (Idaho Code § 31-1502)
- Treasurer to only issue warrants (checks) for allowed bills/claims

Each and every county official or employee shall be limited in making expenditures or the incurring of liabilities to the respective amounts of such appropriations and is liable to county for excess expenditures (Idaho Code §31-1606, §31-1607).

Government Accounting: GASB

What is GASB?

Government Accounting Standards Board establishes accounting reporting standards at the state and local level (Idaho Code §31-1509)

GASB's purpose is to assist governing bodies to evaluate their operation and provide the public with easier to read reports due to the standardization of reporting

Each department must keep track of all assets/inventory according to the county policy

Key component of annual audit

Annual Audits

- The county must have an annual audit performed by outside auditors (Idaho Code §31-1701)
- Annual audit must be performed by June 1st (Idaho Code §67-450B)
- Annual audit summary must be published within 30 days of completion (Idaho Code §31-819)
- Other possible audits by outside auditors:
 - Waterways/Snowmobile
 - Grants
 - PERSI
 - Workers Compensation

Local Government Transparency

- Central registry and reporting portal requirements for counties (Idaho Code §67-1076):
 - Due December 1st of each year
 - Administrative information (governing board, contact info, fiscal year, etc.)
 - Financial information (most recently adopted budget, unaudited comparison of budget to actual for prior fiscal year, date of last audit, most recent audit)
 - Local Transparent Idaho now has county budget and fund balance information (all local governments must go live by 2025)

- Pocketing cash as it comes in
- Accounts payable watch for fake invoices or companies, double billing, etc.
- Separation of Duties

Fraud Prevention

Make sure your county has adopted formal internal controls

Make sure to comply with annual outside audit and other financial reporting requirements

Follow recommendations of outside auditor

Develop, adopt, and update county policies to prevent fraud (credit card policy, travel policy, county vehicle use policy, establish internal financial controls, etc.)
